BRAINSTORM IDEAS

1

First, think and write down as many ideas that you have that you would like to see your business accomplish (to sell 1 million products, to make a profit, to give back to the community). Anything that you can think of, both big and small. Remember, these are LONG-TERM goals that you want to complete in a year.

Then, circle 5 of your favorite ideas as possible goals. You'll want to circle the first five that grab your attention.

2

List below all the things you want to BE, DO and HAVE in the next 1-5 years.

MEET Kayla

Meet Kayla, your Online Sales & Marketing Director!

In August 2018, she discovered her love for creating planners, templates, and spreadsheets in order to streamline everything in her previous blog and Etsy shop.

By September, she had created a brand and business around teaching other creative business owners to start, manage, and grow their online shops and blogs.

Currently, she has sold hundreds of her planners, guides, and templates while also teaching thousands of people how to follow in her footsteps.

One of her most valuable resources for her students has been the Ultimate Business Planner.
